General Supplier, Contractor, Repair, Jasa
Angkutan Darat

ABOUT US

PT. Mahir Trans Bersaudara is a professional, reliable, and high-quality company engaged in the rental, repair, trucking/expedition, supply, and fabrication of heavy vehicles to support various construction projects, infrastructure development, and logistics needs across Indonesia, especially in the Riau province. Our company provides a wide range of heavy equipment such as Foco Trucks, Cranes, Trailers, Head Trucks, and more. All maintained in optimal condition to ensure the smooth operation of your projects.

This company profile is created as a basis for consideration, proposals, partnerships, and to provide information about the products and services offered by our company. We have extensive experience in supplying heavy equipment and have served various industrial sectors. With a team of professionals and a well-maintained fleet, we are committed to delivering the best service in accordance with safety standards and operational efficiency.

We sincerely thank you for the opportunity to introduce our company, and we look forward to a successful collaboration.

Best Regards,

PT. Mahir Trans Bersaudara

VISION & MISSION

Vission :

To become a leading company in the field of heavy equipment rental, repair, expedition, and manufacturing, with the best service standards, continuous innovation, and commitment to customer safety and satisfaction throughout Indonesia, especially in the Riau province.

Mission :

- Providing high-quality heavy equipment rental services, with a fleet that is always in optimal condition to support various construction and infrastructure projects.
- Offering heavy equipment repair and maintenance services with the best technical standards to ensure maximum equipment performance.
- Developing efficient and timely trucking and expedition services to meet the needs of heavy equipment transportation and industrial logistics.
- Providing high-quality, precision component manufacturing solutions to support various industrial sectors.

COMPANY STRATEGY

- We are committed to providing the best service by maintaining fleet quality, providing professional workers, and ensuring that every customer's needs are met quickly and accurately.
- We routinely perform maintenance and inspections on every heavy vehicle unit that we rent or use in projects, so as to ensure operational reliability and safety.
- Adopting the latest technology in fleet management systems, operational monitoring, and optimizing service efficiency to improve competitiveness and work effectiveness.
- Running business operations by prioritizing work safety standards and caring about environmental impacts, so as to create a safe and sustainable work environment.

COMPANY POLICY

Quality Policy :

PT. Mahir Trans Bersaudara is committed to providing the best service in heavy vehicle rental, repair, trucking, expedition, supplier, and manufacturing with high quality standards. We implement the following quality policies:

- Prioritize customer satisfaction by providing timely, reliable, and project-based services.
- Maintain and improve the quality of the heavy vehicles we provide through regular maintenance and strict supervision.
- Always innovate and evaluate the work system to improve service efficiency and effectiveness.
- Comply with all applicable national and international regulations and standards in the heavy equipment and logistics industry.

K3 Policy :

PT. Mahir Trans Bersaudara prioritizes the safety, health, and welfare of all employees, partners, and the work environment. The K3 policies that we implement include:

- Implementing a work safety culture throughout the company's operations to prevent accidents and occupational diseases.
- Identifying, evaluating, and controlling work risks to create a safe and comfortable environment for all workers.

PT. Mahir Trans Bersaudara

- Organizing regular training for all employees so that they have an understanding and skills in maintaining work safety.
- Complying with all applicable K3 regulations and standards in accordance with government and industry policies.
- Maintaining healthy and safe working conditions by implementing work procedures that comply with safety standards.
